

EDWARD CHAMBERS

DJ & EVENTS CONSULTANT

I've been a professional DJ since 1999, working across the country, playing solo or collaborating with live acts.

As a DJ & Events Consultant, I'm able to tailor-make an option to suit any occasion & budget.

When working with professional session musicians, an interesting & dynamic soundscape can be created. It offers a unique & guided musical experience, as we read the audience & direct the music accordingly.

Whether I include a saxophonist, trumpeter, vocalist or a five-piece band, your requirements for the event will be tailored to cater for all styles & tastes of music.
